Further comments

Please send me a free quotation for the following laser data:

	Laser 1	Laser 2 (if applicable)	Laser 3 (if applicable)	Unit
Laser wavelength				Nanometer
max. average power				Watt
smallest accessible beam diameter				Millimeter
smallest beam divergence				mrad (half angle)
max. pulse energy				Joule
max. pulse repetition rate				Hertz
shortest pulse length				Seconds

- Full protection acc. to EN 207
For Laser:
- I want separate glasses for all lasers
- Alignment protection acc. to EN 208
(Only with lasers in the visible range 400 – 700 nm)
For Laser:
- I want to have one pair of glasses
for all lasers

(If the laser is equipped with an additional laser in the visible (=alignment laser/target laser) or has several wavelengths, please give us the complete data for all wavelengths. If necessary, please use two or more inquiry forms.)

Please send me free information material on

- screening of laser working places (laser safety curtain/safety window)
- EYEPRO - Software for the calculation of the proper scale numbers acc. to EN 207/208/60825)
- LIMITS – Educational Software for Laser Safety
