Articlenumber: 9710514

GTIN: 4050369053533

Unit: 1 Stück

Weight incl. packaging 0,06 kg

Highlights

The new uvex 9710 face protection is certified according to EN 166. It consists of a PET disc with a thickness of 0.3mm and an elastic headband. Anti-fog protection on the inside ensures a clear view and foam padding in the forehead area ensures high wearing comfort. Face protection is ideal for challenging work environments. The screen protects against splashes and drops while working in medical practices, clinics, laboratories, the police or aid organizations.
