Highlights

The wood-free cleaning cloths A99CLSTA1302, which are specially tailored to the properties of laser protection filters, are designed for both the A99CLSTA1300 and for A99CLASTA1200 cleaning station. Together with the cleaning fluid (A99CLSTA1303 or A99CLSTA1203) from laservision, it enables gentle and thorough cleaning of laser protection filters. Cleaning with the fluid from laservision ensures a long service life for the glasses (1 pack with 700 sheets).
