GTIN: 4050369054769
Unit: 1 Stück
Weight incl. packaging 0,53 kg
Weight excl. packaging: 0,53 kg

Highlights

The cleaning fluid A99CLSTA1303 is specially tailored to the properties of laser protection filters and enables dirty filters in laser protection goggles to be cleaned carefully and thoroughly. This guarantees a long service life for the glasses. This is a 0.5 liter bottle **without** a spray pump (A99CLSTA1304). If necessary, this must be ordered separately when re-purchasing.
