Laser Safety Equine Mask

Articlenumber: ELMF5P015002
GTIN: 4050369029125
Unit: 1 Stück
Weight incl. packaging 0,00 kg
Weight excl. packaging: 0,00 kg

Highlights

The laser protection Equine Mask ELM.F5P01.5002 (size L) protect the eyes of large animals such as horses and ponies dependably from NIR-laser radiation (800-1100nm) during laser procedures with laser devices at a maximum irradiance of 100 W / cm² for 100sec.

The laser protection masks are available in 3 sizes (S, L and XL). They can be ordered individually and selected in the appropriate sizes. Each hood is equipped with a Velcro fastener and thus guarantees easy putting on and taking off as well as a firm and secure fit during treatment.
