

titanium patient eyewear P12M1P071001

Articlenumber: P12M1P071001
GTIN: 4050369055445
Unit: 1 Stück
Weight incl. packaging 0,14 kg
Weight excl. packaging: 0,02 kg

Highlights

The new P12 titanium patient eyewear, P12.M1P07.1001 with its one-hand adjustable nose bracket, is a very practical and modern addition to the previous patient protection from laservision. The flexible nose bridge enables the user (doctor or assistant) to adjust the patient eyewear to a perfect and therefore secure fit, depending on the eye position. The adjustable headband ensures a stable and pressure-free fit. The scope of delivery includes a headband, a soft case and two pairs of silicone replacement rings.
