Highlights

The new Premium-Line P13 patient eye caps, P13.M1P07.1001 made of titanium, are a very practical and modern addition to the previous patient eyewear from laservision. The caps can be used for all eye positions, faces and/or heads and for all laser treatments in which a nose bridge or a cord limits the treatment area. The scope of delivery includes a soft case and two pairs of silicone replacement rings.
