laser safety goggle R14T1D01A

Articlenumber: R14T1D011004
GTIN: 4050369051744
Unit: 1 Stück
Weight incl. packaging 0,62 kg
Weight excl. packaging: 0,18 kg

Highlights

- Protection levels acc. to EN 207
- Application: CO2, CO Laser at 10600 or 5400nm
- 6 different frame styles
  available: F20, F46, R01, R02, R14 and R17
- Unrestricted colour view and highest VLT
- Different wearing or frame options

The laservision laser safety goggle R14.T1D01.1004 with a aired foam (A) offers very high protection levels within the IR spectral range (5400, 9000-11.500nm). The goggle with its colorless filters can be worn over large corrective glasses. The changeable click frame with an aired foam (A14AIRED1000) makes the goggles particularly comfortable to wear and prevents fogging of the laser protection filters. A clear view is guaranteed even with a long wearing period. The shipment includes a metal box which can also be used as a storage box. The removable frame can optionally be bought in sets of 5.
