

TTS.POST1.1001 standard column with M6 thread

Articlenumber: TTSP0ST11001
GTIN: 4050369056534
Unit: 1 Stück
Weight incl. packaging 0,00 kg

Highlights

The standard column TTS.POST1.1001 is mounted directly in the drilling grid of the OT using an M6 threaded pin. It has a total height of 309 mm and is suitable for holding a maximum of 3 laser protection plates (TTS.M7P06.100x) with a height of 306 mm. A plastic cap at the top minimizes the risk of injury. The ability to rotate around the central M6 pin enables great flexibility in laser protection barriers. Customer-specific panel lengths can be ordered for superstructures that are not along the grid.

COLOUR:	black
PROPERTIES:	up to 3 modules insertable, stable standing
PROTECTION CLASS / NORM:	EN 60825-4
PROTECTION RANGE:	near infrared, Infrared
