Articlenumber: X48T1X011001
GTIN: 4050369079960
Unit: 1 Stück
Weight incl. packaging 0,08 kg

Highlights

The X48 X-ray protection glasses offers first-class protection against harmful radiation thanks to the X-ray protective lenses with a lead equivalent of 0.75 mm Pb and a frame with additional X-ray protection of 0.25 mm Pb. With a weight of only approx. 79 g and a tight fit, it ensures maximum comfort and good coverage. The magnetic Clipnetic system allows for individual adjustment, while the interchangeable prescription insert and flex-nose provide additional versatility. The cold-formable temples allow for an individual fit. The glasses are supplied with a cord.
