

laservision

steel tubular frame 093, 2100x2100mm, 2 booms 1100mm each

Article number: 093

GTIN: 4050369008854

Unit: piece

Weight incl. packaging: 25,83 kg

Weight excl. packaging: 25,83 kg

Highlights

The skeletal structure of the tubular frame 093 has a size of 2100x2100mm and features two additional swivel arms of 1100mm each. In combination with laservision laser safety curtains it is easy to define a laser secure working area. According to the rugged rolls at the two extension arms at the structure it is easily movable and offers a space-saving placing.

Highlights

- skeletal structurel 2100mm x 2100mm
- for laser safety curtains and slats
- 2 booms with 1100mm each
- Transportation rolls
