The laservision laser safety goggle R14.T1D01.1003 with lip seal (L) offers very high protection levels within the IR spectral range (5400, 9000-11.500nm). The goggle with its colorless filters can be worn over large corrective glasses. The changeable click frame with lip seal characterizes a very good wearing comfort. The shipment includes a metal box which can also be used as a storage box.

<b>COATING:</b>	no coating
